Emne: Rotary YEP 1470 - Information about your Language School on Tuesdays

Dear S22 students & Danish teacher (copy to Host Counsellor and Current Host family for information),

As announced - **your language school starts next week!**

There will be 2 class groups – one on Tuesday and one on Wednesday. Due to Rotary club meetings you cannot all be on the same day, and I have split you between the two days.

Please do not ask to be moved around unless it collides with already agreed activities – and do not just join the other group.

Any questions? – please get back to me ASAP.

YOUR CLASS

Your class is on **Tuesdays – 14:30 – 17** at Gentofte Ungdomsskole, Bregnegårdsvej 21B, 2900 Hellerup (same place as we held the District Intro).

NOTE! The first **two Tuesdays (Aug 23rd and 30th) the class hours are different -> 16:45 – 19:15** (please bring some food & drink as this unfortunately runs over dinner time these 2 days).

Please be sure to agree with your Host Counsellor how (possible) absence from your normal school is handled; it must be agreed with them so they know it is “approved absence”.

YOUR TEACHER

Your language teacher is: Benedicte Starup – phone: 2146 0012 and e-mail: hejrotary@gmail.com

If you are running late (which you really have to do your best not to be) or you are ill/cannot come to class, please be sure to let Benedicte know (if you do not attend, please ensure that your Host Counsellor also knows).

There will be some days with a substitute teacher. You will be informed ahead of time, if we know.

FIRST DAY

For the first day of Language school - **Tuesday Aug 23rd – please be at 16:15 at Charlottenlund S-tog Station** in front of the building (address: Charlottenlund Stationsplads 2, 2920 Charlottenlund). Lone (whom you met at District Intro Aug 10th) will meet you at the station and walk with you to the school, so you know how to get there.

LANGUAGE SCHOOL AND THE YEAR

Please be advised that homework is expected, and that we are expecting you take it seriously to learn Danish. Reach out to your Host family for any support they may be able to offer you – and/or your Host Counsellor (perhaps someone in the Club has time to practice with you).

Active participation in the language classes is expected as part of the exchange program in this district, as you have been informed about before coming here.

We will be getting back to you with a calendar for the year, so you know which dates there will be no language school (follows the other schools), when there is a school/host parent meeting etc. This information is expected to be possible to share start September.

The classes will expectedly end latest on Tuesday May 9th/Wednesday May 10th 2023 – perhaps with a shared session. More also to come about that.
